NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Note 1—Basis of Presentation and Summary of Significant Accounting Policies

NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Leidos Holdings, Inc. ("Leidos"), a Delaware corporation, is a holding company whose direct 100%-owned subsidiary and principal operating company is Leidos, Inc. Leidos, is an industry and technology leader serving government and commercial customers with smarter, more efficient digital and mission innovations. Headquartered in Reston, Virginia, with 50,000 global employees, Leidos' customers include the U.S. Department of War ("DoW"), the U.S. Intelligence Community, the U.S. Department of Homeland Security, the Federal Aviation Administration, the Department of Veterans Affairs and many other U.S. civilian, state and local government agencies, foreign government agencies and commercial businesses. Unless indicated otherwise, references to "we," "us" and "our" refer collectively to Leidos Holdings, Inc. and its consolidated subsidiaries.

Beginning fiscal 2026, we completed a realignment of our reporting structure, which resulted in the identification of four reportable segments: Intelligence & Digital, Health, Homeland and Defense. Additionally, we separately present the unallocable costs associated with corporate functions as Corporate. We commenced operating and reporting under the new organizational structure effective the first day of fiscal 2026. As a result of this change, prior year segment results have been recast to reflect the current reportable segment structure.

We have a controlling interest in Hanford Mission Integration Solutions, LLC ("HMIS") and a joint venture with Centerra Group, LLC and Parsons Government Services, Inc. The financial results for HMIS are consolidated into our unaudited condensed consolidated financial statements. The unaudited condensed consolidated financial statements also include the balances of all voting interest entities in which Leidos has a controlling voting interest ("subsidiaries") and a variable interest entity ("VIE") in which Leidos is the primary beneficiary. The consolidated balances of the VIE are not material to the unaudited condensed consolidated financial statements for the periods presented. Intercompany accounts and transactions between consolidated companies have been eliminated in consolidation.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the rules of the U.S. Securities and Exchange Commission and accounting principles generally accepted in the United States of America ("GAAP"). Certain disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingencies at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting periods. Management evaluates these estimates and assumptions on an ongoing basis, including those relating to estimated profitability of long-term contracts, indirect billing rates, allowances for doubtful accounts, inventories, right-of-use assets and lease liabilities, fair value and impairment of intangible assets and goodwill, income taxes, stock-based compensation expense and contingencies. These estimates have been prepared by management on the basis of the most current and best available information; however, actual results could differ materially from those estimates.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, which consist of normal recurring adjustments, necessary for a fair presentation thereof. The results reported in these unaudited condensed consolidated financial statements are not necessarily indicative of the results that may be expected for the entire year. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K filed on February 17, 2026.

ACCOUNTING STANDARDS UPDATES ADOPTED

ASU 2025-06 Intangibles - Goodwill and Other-Internal-Use Software

In September 2025, the FASB issued ASU 2025-06, which amends certain aspects of the accounting and disclosure of Internal use software costs. Current guidance requires capitalization of internal-use software development costs depending on the nature of the costs and the project stage during which they occur. The amendments in this update remove references to prescriptive and sequential software development stages and require entities to start capitalizing software development costs when a) management authorizes and commits to funding the software project, and b) it is probable that the project will be completed, and the software will be used to perform the intended function.

The amendments in this update are effective for public business entities for annual periods beginning after December 15, 2027, including interim periods within those annual reporting periods, and may be adopted on a prospective, modified or retrospective basis. Early adoption is permitted. Effective fiscal 2026, we adopted the requirements of ASU 2025-06, using the prospective method. The adoption did not have a material impact on our consolidated financial statements and related disclosures.

ACCOUNTING STANDARDS UPDATES ISSUED BUT NOT YET ADOPTED

ASU 2024-03 Disaggregation of Income Statement Expenses

In November 2024, the FASB issued ASU 2024-03, to enhance the transparency of certain expense disclosures. The update requires disclosure of specific expense categories in the notes to the financial statements at interim and annual reporting periods. The update requires disaggregated information about certain prescribed expense categories underlying any relevant income statement expense caption.

The amendments in this update are effective for public entities for annual periods beginning after December 15, 2026, and interim periods beginning after December 15, 2027. The amendments may be adopted either prospectively or retrospectively. Early adoption is permitted. We are currently evaluating the impacts of this update and plan to adopt these amendments for annual disclosures in fiscal 2027 and interim disclosures in fiscal 2028.

CHANGES IN ESTIMATES ON CONTRACTS

Changes in estimates related to contracts accounted for using the cost-to-cost method of accounting are recognized in the period in which such changes are made for the inception-to-date effect of the changes, with the exception of contracts acquired through a business combination, where the adjustment is made for the period commencing from the date of acquisition.

Changes in estimates on contracts were as follows:

(in millions, except per share data)	Three Months Ended	
	April 3, 2026	April 4, 2025
Favorable impact	\$ 37	\$ 53
Unfavorable impact	(46)	(23)
Net impact to income before income taxes	\$ (9)	\$ 30
Impact on diluted EPS attributable to Leidos common stockholders	\$ (0.05)	\$ 0.17

The impact on diluted earnings per share ("EPS") attributable to Leidos common stockholders is calculated using the statutory tax rate.

Revenue Recognized from Prior Obligations

We reduced revenue by \$8 million and recognized revenue of \$27 million from performance obligations satisfied in previous periods for three months ended April 3, 2026, and April 4, 2025, respectively. The changes primarily relate to revisions of variable consideration including award and incentive fees, and revisions to estimates at completion resulting from changes in contract scope, mitigation of contract risks or true-ups of contract estimates at the end of contract performance.

Note 2—Revenues

REMAINING PERFORMANCE OBLIGATIONS

Remaining performance obligations ("RPO") represent the expected value of exercised contracts, both funded and unfunded, less revenue recognized to date. RPO does not include unexercised option periods and future potential task orders expected to be awarded under indefinite delivery/indefinite quantity ("IDIQ") contracts, General Services Administration Schedule or other master agreement contract vehicles, with the exception of certain IDIQ contracts where task orders are not competitively awarded and separately priced but instead are used as a funding mechanism, and where there is a basis for estimating future revenues and funding on future anticipated task orders.

As of April 3, 2026, we had \$19 billion of RPO and expect to recognize approximately 62% and 82% over the next 12 months and 24 months, respectively, with the remainder to be recognized thereafter.

DISAGGREGATION OF REVENUES

We disaggregate revenues by customer-type, contract-type and geographic location for each of our reportable segments.

Disaggregated revenues by customer-type were as follows:

Revenues by customer-type, contract-type and geographic location exclude lease income of \$17 million for both the three months ended April 3, 2026, and April 4, 2025.

CONTRACT ASSETS AND LIABILITIES

Performance obligations are satisfied either over time as work progresses or at a point in time. Firm-fixed-price contracts are typically billed to the customer using milestone payments while cost-reimbursable and time and materials contracts are typically billed to the customer on a monthly or bi-weekly basis as indicated by the negotiated billing terms and conditions of the contract. As a result, the timing of revenue recognition, customer billings and cash collections for each contract results in a net contract asset or liability at the end of each reporting period.

Contract assets consist of unbilled receivables, which is the amount of revenue recognized that exceeds the amount billed to the customer. Unbilled receivables exclude amounts billable where the right to consideration is unconditional and not billed. Contract liabilities consist of deferred revenue, which represents cash advances received prior to performance for programs and billings in excess of revenue recognized.

The components of contract assets and contract liabilities consisted of the following:

(in millions)	Balance sheet line item	April 3, 2026	January 2, 2026
Contract assets - current:			
Unbilled receivables	Receivables, net	\$ 865	\$ 894
Contract liabilities - current:			
Deferred revenue ⁽¹⁾	Accounts payable and accrued liabilities	\$ 411	\$ 348
Contract liabilities - non-current:			
Deferred revenue ⁽¹⁾	Other long-term liabilities	\$ 5	\$ 6

⁽¹⁾ Certain contracts record revenue net of cost of revenues, and therefore, the respective deferred revenue balance will not fully convert to revenue.

Table of Contents

LEIDOS HOLDINGS, INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The decrease in unbilled receivables was primarily due to the timing of billings on certain contracts, partially offset by revenue recognized on certain contracts. The increase in deferred revenue was primarily due to the acquisition of Entrust (see "Note 3—Acquisitions, Goodwill and Intangible Assets") and timing of advanced payments from customers, partially offset by revenue recognized during the period.

For the three months ended April 3, 2026, \$56 million of revenue recognized was included as a contract liability at January 2, 2026. For the three months ended April 4, 2025, \$137 million of revenue recognized was included as a contract liability at January 3, 2025.

Note 3—Acquisitions, Goodwill and Intangible Assets

ENTRUST ACQUISITION

On March 27, 2026, ("Acquisition Date"), Leidos, Inc. completed a stock purchase agreement with KENE Holdings, L.P. and KENE Parent Inc. ("Entrust") to acquire all of the shares of Entrust for a purchase price of \$2.4 billion in cash, subject to customary adjustments for Entrust's cash, debt, transaction expenses and net working capital. Entrust is an engineering firm that provides infrastructure design, grid modernization and program management services primarily to electric, gas and pipeline utilities. This acquisition enhances existing energy infrastructure capabilities within our Homeland reportable segment.

The preliminary fair values of the assets acquired and liabilities assumed at the Acquisition Date were as follows (in millions):

Cash and cash equivalents	\$	47
Receivables, net		162
Other current assets		19
Property, plant and equipment, net		12
Intangible assets, net		564
Operating lease right-of-use assets, net		23
Other long-term assets		1
Deferred tax liabilities		(75)
Accounts payable and accrued liabilities		(74)
Accrued payroll and employee benefits		(21)
Operating lease liabilities		(21)
Total identifiable net assets acquired		637
Goodwill		1,748
Purchase price	\$	2,385

Due to the timing and complexity of the acquisition, the assets acquired and liabilities assumed were recorded at their preliminary estimated fair values. As of April 3, 2026, we had not finalized the determination of fair values for substantially all of the acquired assets and liabilities assumed. The preliminary purchase price allocation is subject to change as we complete our determination of the final working capital and the fair value of the acquired assets and liabilities assumed, the impact of which could be material.

The goodwill represents intellectual capital and the acquired assembled workforce, neither of which qualify for recognition as a separate intangible asset. Of the preliminary goodwill recognized, approximately \$119 million is tax deductible.

LEIDOS HOLDINGS, INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following table summarizes the preliminary fair value of intangible assets acquired at the Acquisition Date and the related weighted average amortization period:

	Weighted Amortization Period (in years)	Fair Value (in millions)
Programs	7	\$ 530
Backlog	1	34
Total		\$ 564

The preliminary fair value and related weighted average amortization period of the intangible assets acquired were based on an industry benchmarking analysis surrounding recent and relevant industry transactions. The difference between the benchmark estimate and ultimate fair value of intangible assets identified may be material.

For the three months ended April 3, 2026, \$11 million of revenues related to Entrust were recognized within the Homeland reportable segment.

Acquisition and Integration Costs

For the three months ended April 3, 2026, \$29 million of acquisition and integration costs were recorded related to the acquisition of Entrust. These costs were recorded within the Homeland reportable segment and Corporate, and presented in "Acquisition, integration and restructuring costs" and "Interest expense, net" on the condensed consolidated statements of operations.

Pro Forma Financial Information

The following pro forma financial information presents consolidated results of operations as if the acquisition of Entrust had occurred on January 4, 2025. The pro forma financial information was prepared based on historical financial information and has been adjusted to give effect to the events that are directly attributable to the acquisition of Entrust and factually supportable. These adjustments include amortization and interest expense that are directly attributable to the acquisition.

The pro forma results below do not reflect future events that have occurred or may occur after the acquisition, including anticipated synergies or other expected benefits that may be realized from the acquisition. The pro forma information is not intended to reflect the actual results of operations that would have occurred if the acquisition had been completed on January 4, 2025, nor is it intended to be an indication of future operating results.

(in millions, except per share amounts)	Three Months Ended	
	April 3, 2026	April 4, 2025
Revenues	\$ 4,528	\$ 4,385
Net income	347	332
Net income attributable to Leidos common stockholders	340	330
Earnings per share:		
Basic	\$ 2.69	\$ 2.54
Diluted	2.65	2.52

The pro forma financial information above includes the following nonrecurring significant adjustment made to account for certain costs incurred as if the acquisition had been completed on January 4, 2025:

- u Acquisition-related costs of \$29 million for the three months ended April 3, 2026, were excluded from the pro forma financial information for fiscal 2026 and were included in the pro forma financial information for fiscal 2025.

KUDU DYNAMICS ACQUISITION

On May 23, 2025 (the "Purchase Date"), we completed the acquisition of Savanna Industries, Inc. ("Kudu Dynamics") for purchase consideration of \$293 million, net of \$29 million of cash acquired. The Kudu Dynamics business provides artificial intelligence enabled cyber capabilities for defense, intelligence and homeland security customers.

Table of Contents

LEIDOS HOLDINGS, INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The final goodwill recognized of \$231 million represents intellectual capital and the acquired assembled workforce, neither of which qualify for recognition as a separate intangible asset. All of the goodwill recognized is tax deductible.

The following table summarizes the final fair value of intangible assets acquired at the Purchase Date and the related weighted average amortization period:

	Weighted Amortization Period (in years)	Fair Value (in millions)
Programs	7	\$ 60
Backlog	1	12
Total		\$ 72

For the three months ended April 3, 2026, \$22 million of revenues related to Kudu Dynamics were recognized within the Intelligence & Digital reportable segment.

GOODWILL

Beginning the first day of fiscal 2026, we completed a business realignment, which resulted in new reportable segments (see "Note 9– Business Segments").

Goodwill was allocated to reporting units within the new reportable segments based on a relative fair value approach.

The following table presents changes in the carrying amount of goodwill by reportable segment:

(in millions)	Intelligence & Digital	Health	Homeland	Defense	Total
Goodwill at January 3, 2025 ⁽¹⁾	\$ 2,007	\$ 1,336	\$ 950	\$ 1,791	\$ 6,084
Acquisition of a business	231	—	—	—	231
Divestiture of a business	—	—	(7)	—	(7)
Foreign currency translation adjustments	—	—	34	—	34
Goodwill at January 2, 2026 ⁽¹⁾	2,238	1,336	977	1,791	6,342
Acquisition of a business	—	—	1,748	—	1,748
Foreign currency translation adjustments	—	—	4	—	4
Goodwill at April 3, 2026⁽¹⁾	\$ 2,238	\$ 1,336	\$ 2,729	\$ 1,791	\$ 8,094

⁽¹⁾ Carrying amount includes accumulated impairment loss of \$596 million within the Homeland segment.

We evaluate qualitative factors that could cause us to consider whether the estimated fair value of each of our reporting units may be lower than the carrying value, including, but not limited to (i) macroeconomic conditions, (ii) industry and market considerations, (iii) our overall financial performance, including an analysis of our current and projected cash flows, revenues and earnings, (iv) a sustained decrease in share price and (v) other relevant entity-specific events including changes in management, strategy, partners or litigation.

In conjunction with the change in reportable segments in fiscal 2026, the Company evaluated goodwill for impairment immediately before and after the change and determined that goodwill was not impaired.

During the three months ended April 3, 2026, and April 4, 2025, there were no impairments to goodwill.

INTANGIBLE ASSETS

Intangible assets, net consisted of the following:

(in millions)	April 3, 2026			January 2, 2026		
	Gross carrying value	Accumulated amortization	Net carrying value	Gross carrying value	Accumulated amortization	Net carrying value
Programs	\$ 2,279	\$ (1,413)	\$ 866	\$ 1,748	\$ (1,391)	\$ 357

Total intangible assets	\$ 2,642	\$ (1,649)	\$ 993	\$ 2,077	\$ (1,619)	\$ 458

Amortization expense was \$30 million for both the three months ended April 3, 2026, and April 4, 2025.

The estimated annual amortization expense as of April 3, 2026, was as follows:

Fiscal year ending (in millions)

2026 (remainder of year)	\$ 166
2027	169
2028	152
2029	139
2030	126
2031 and thereafter	241
	\$ 993

Note 4—Fair Value Measurements

The accounting standard for fair value measurements establishes a three-level fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows: observable inputs such as quoted prices in active markets (Level 1); inputs other than quoted prices in active markets that are observable, either directly or indirectly, or quoted prices that are not active (Level 2); and unobservable inputs in which there is little or no market data (e.g., discounted cash flow and other similar pricing models), which requires us to develop our own market participant assumptions used in pricing the asset or liability (Level 3).

The carrying amounts of our financial instruments, which include cash equivalents, accounts receivable, accounts payable and accrued expenses, are reasonable estimates of their respective fair values. As of April 3, 2026, and January 2, 2026, the carrying values of our notes receivable of \$4 million and \$15 million, respectively, approximate fair value as the stated interest rates within the agreements are materially consistent with the current market rates for similar instruments (Level 2 inputs). Our notes receivable are included within "Other current assets" and "Other long-term assets" on the condensed consolidated balance sheets.

As of April 3, 2026, and January 2, 2026, the fair value of debt was \$6.3 billion and \$4.7 billion, respectively, and the carrying amount was \$6.3 billion and \$4.6 billion, respectively (see "Note 5—Debt"). The fair value of long-term debt is determined based on current interest rates available for debt with terms and maturities similar to our existing debt arrangements and our credit rating (Level 2 inputs).

The assets and liabilities acquired in connection with the Kudu Dynamics and Entrust acquisitions were measured at fair value on a non-recurring basis using Level 3 inputs (see "Note 3—Acquisitions, Goodwill and Intangible Assets").

REVOLVING CREDIT FACILITY

On February 12, 2026, we amended and restated our existing senior unsecured revolving credit facility (the "Revolving Facility") to increase the borrowing capacity from \$1.0 billion to \$1.5 billion. The Revolving Facility will mature in February 2031 and permits two additional one-year extensions subject to lender consent. Borrowings under the Revolving Facility will bear interest at a rate determined, at the Company's option, based on either an alternate base rate or term SOFR rate, plus an applicable margin and is subject to an annual commitment fee rate of 0.11% on the unused credit availability. As of April 3, 2026, and January 2, 2026, there were no borrowings outstanding under the Revolving Facility.

SENIOR NOTES

On March 2, 2026, we issued and sold \$600 million senior notes maturing in March 2029 (the "2029 Notes") and \$800 million senior notes maturing in March 2036 (the "2036 Notes", and together with the 2029 Notes, the "Notes"). The Notes are senior unsecured obligations issued by Leidos, Inc. and guaranteed by Leidos Holdings, Inc. The annual interest rates for the 2029 Notes and the 2036 Notes are 4.10% and 5.00%, respectively, and the interest is payable on a semi-annual basis. In connection with the issuance of the Notes, \$10 million of debt issuance costs and discount were recognized, which were

[Table of Contents](#)

recorded as an offset against the carrying value of debt. The proceeds from the Notes were used to fund a portion of the consideration payable in connection with the acquisition of Entrust and for general corporate purposes.

BRIDGE FACILITY

In connection with the acquisition of Entrust, we entered into an agreement with Citigroup Global Markets Inc., which provides for a senior unsecured 364-day bridge loan facility in an aggregate principal amount of \$1.4 billion (the "Bridge Facility"). The Bridge Facility was undrawn and was terminated following the issuance of the Notes. As a result, we recognized \$5 million of fees which were recorded within "Interest expense, net" on the condensed consolidated statements of operations.

COMMERCIAL PAPER

We have a commercial paper program in which the Company may issue short-term unsecured commercial paper notes ("Commercial Paper Notes"). The proceeds will be used for general corporate purposes, including working capital, capital expenditures, acquisitions and share repurchases.

The Commercial Paper Notes are issued in minimum denominations of \$0.25 million and have maturities of up to 397 days from the date of issuance. The Commercial Paper Notes either bear a stated or floating interest rate, if interest bearing, or will be sold at a discount from the face amount. As of April 3, 2026, we had \$300 million of Commercial Paper Notes outstanding. As of January 2, 2026, we did not have any Commercial Paper Notes outstanding.

COVENANTS

The Commercial Paper Notes, senior unsecured term loan, senior unsecured notes and Revolving Facility are fully and unconditionally guaranteed and contain certain customary restrictive covenants, including among other things, restrictions on our ability to create liens and enter into sale and leaseback transactions under certain circumstances.

The financial covenants in the Revolving Facility and the senior unsecured term loan require that we maintain, as of the last day of each fiscal quarter, a ratio of adjusted consolidated total debt to consolidated EBITDA of not more than 3.75 to 1.00, subject to increases to 4.50 to 1.00 for four fiscal quarters following a material acquisition, and a ratio of EBITDA to consolidated interest expense of not less than 3.50 to 1.00.

We were in compliance with all financial covenants as of April 3, 2026.

PRINCIPAL PAYMENTS

Future minimum payments of long-term debt are as follows:

Fiscal year ending (in millions)		
2026 (remainder of year)	\$	15
2027		14
2028		504
2029		605

Note 6—Accumulated Other Comprehensive Income (Loss)

Changes in the components of Accumulated Other Comprehensive Income (Loss) ("AOCI") were as follows:

(in millions)	Foreign currency translation adjustments	Unrecognized gain (loss) on derivative instruments	Pension adjustments	Total AOCI
Balance at January 3, 2025	\$ (98)	\$ 1	\$ (13)	\$ (110)
Other comprehensive income (loss)	74	1	(3)	72
Taxes	(8)	(1)	1	(8)

Balance at January 2, 2026	(32)	(3)	(15)	(50)
Other comprehensive income (loss)	9	—	23	32
Taxes	(1)	—	(6)	(7)
Balance at April 3, 2026	\$ (24)	\$ (3)	\$ 2	\$ (25)

Reclassifications from unrecognized gain (loss) on derivative instruments are recorded in "Interest expense, net" in the condensed consolidated statements of operations.

On May 20, 2022, the trustee of our UK defined benefit pension plan (the "Plan") invested the assets of the Plan in a bulk purchase annuity policy to fully insure the benefits payable to the members of the Plan. The transaction was structured to enable a full buy-out, at which time the insurer would assume direct responsibility for all future pension obligations.

On February 11, 2026, the Plan completed a full buy-out, thus relieving the Company of future pension obligations. As a result we recognized a \$23 million settlement loss primarily related to the unamortized loss previously recorded within AOCI. The settlement loss was recorded in "Other expense, net" in the condensed consolidated statements of operations.

Note 7—Earnings Per Share

The following table provides a reconciliation of the weighted average number of shares outstanding used to compute basic and diluted EPS for the periods presented:

(in millions)	Three Months Ended	
	April 3, 2026	April 4, 2025
Basic weighted average number of shares outstanding	126	130
Dilutive common share equivalents—stock options and other stock awards	2	1
Diluted weighted average number of shares outstanding	128	131

Anti-dilutive stock-based awards are excluded from the weighted average number of shares outstanding used to compute diluted EPS. The total outstanding stock options and vesting stock awards that were anti-dilutive were less than 0.5 million for both the three months ended April 3, 2026, and April 4, 2025.

During the three months ended April 3, 2026, we made open market repurchases of our common stock for an aggregate purchase price of \$200 million. All repurchased shares were immediately retired. There were no open market repurchases during the three months ended April 4, 2025.

Note 8—Income Taxes

For the three months ended April 3, 2026, the effective tax rate was 21.9% compared to 23.6% for the three months ended April 4, 2025. The decrease to the effective tax rate was primarily due to an increase in net excess tax benefits related to employee stock-based payment transactions and a decrease in unrecognized tax benefits.

Note 9—Business Segments

Our operations and reportable segments are organized around the customers and markets we serve. We define our reportable segments based on the way the chief operating decision maker ("CODM"), currently our Chief Executive Officer, manages operations for the purposes of allocating resources and assessing performance. The CODM considers segment revenue and operating income to assist with the evaluation of strategic business decisions, including potential acquisitions or divestitures, whether to invest in certain products or services, share repurchases and the declaration of dividends.

Beginning in fiscal 2026, we realigned our business to report in five operating segments, which are aggregated into four reportable segments in accordance with the criteria established under ASC 280: Intelligence & Digital, Health, Homeland and Defense. Our reportable segments are focused on specific, defined capability sets that we bring to our customers. Additionally, we separately present the unallocable costs associated with corporate functions as Corporate. As a result of this change, prior year segment results have been recast to reflect the current reportable segment structure.

Our Intelligence & Digital business delivers mission-focused capabilities to the U.S. federal government and the U.S. Intelligence Community. The business integrates intelligence tradecraft, full-spectrum cyber capabilities, and advanced technical solutions at scale to improve decision-making across large, distributed mission networks and classified environments. We conduct technological research and development, software engineering, modeling and simulation, advanced analytics, network modernization, artificial intelligence development, and IT service management, modernizing critical systems and enabling resilient, high-performing mission operations.

Our Health business delivers services and solutions to federal and commercial customers in areas of public health, care coordination, and life and environmental sciences. Our offerings include IT infrastructure modernization, software development, research and implementation, response to hazardous material incidents, mission software solutions and wellness exams.

Our Homeland business serves five markets: air traffic, airports and borders, security equipment, commercial energy engineering and international. We provide safety critical software for the automation of air traffic both domestically and internationally. Additionally, we provide protection of the borders and airports through software and logistics programs. We provide security equipment for various end users. Internationally, we support defense and other government customers with software development programs, data analytics, information technology and intelligence operations.

Our Defense business develops and produces advanced space, aerial, surface, and sub-surface manned and un-manned defense systems. Our offerings include manufacturing, prototyping, weapons development, analytics and other advanced defense services.

Corporate includes the operations of various corporate activities, certain corporate expense items that are not reimbursed by our U.S. government customers and certain other expense items excluded from a reportable segment's performance.

The following table summarizes business segment information for the periods presented:

(in millions)	Three Months Ended April 3, 2026					Total

The statement of operations performance measures used to evaluate segment performance are revenues and operating income. As a result, "Interest expense, net," "Other expense, net" and "Income tax expense" as reported in the condensed consolidated statements of operations are not allocated to our segments.

Other segment expenses include direct program costs such as material and subcontractor expenses, as well as allocable indirect costs such as depreciation and Corporate compensation expenses, but excludes direct labor which is separately presented above. The Health and Defense segments also include equity earnings of non-consolidated subsidiaries within operating income.

Under U.S. Government Cost Accounting Standards, indirect costs including depreciation expense are collected in indirect cost pools, which are then collectively allocated to the reportable segments based on a representative causal or beneficial relationship of the costs in the pool to the costs in the base. As such, depreciation expense is not separately disclosed on the condensed consolidated statements of operations.

Asset information by segment is not a key measure of performance used by the CODM.

Note 10—Commitments and Contingencies

LEGAL PROCEEDINGS

We are involved in various claims and lawsuits arising in the normal conduct of our business, none of which, in the opinion of management, based upon current information, will likely have a material adverse effect on our financial position, results of operations or cash flows.

CONTINGENCIES

Government Investigations and Reviews

We are routinely subject to investigations and reviews relating to compliance with various laws and regulations with respect to our role as a contractor to federal, state and local government customers and in connection with performing services in countries outside of the United States. Adverse findings could have a material effect on our business, financial position, results of operations and cash flows due to our reliance on government contracts.

Defense Contract Audit Agency

As of April 3, 2026, active indirect cost audits by the Defense Contract Audit Agency remain open for fiscal 2024 and subsequent fiscal years. Although we have recorded contract revenues based upon an estimate of costs that we believe will be approved upon final audit or review, we cannot predict the outcome of any ongoing or future audits or reviews and adjustments, and if future adjustments exceed estimates, our profitability may be adversely affected. As of April 3, 2026, we believe we have adequately reserved for potential adjustments from audits or reviews of contract costs.

Other Government Investigations and Reviews

In August 2022, the Company received a Federal Grand Jury Subpoena in connection with a criminal investigation being conducted by the U.S. Department of Justice Antitrust Division. The subpoena requests that the Company produce a broad range of documents related to three U.S. Government procurements associated with the Company's Intelligence Group in 2021 and 2022. We are fully cooperating with the investigation, and we are conducting our own internal investigation with the assistance of outside counsel. It is not possible at this time to determine whether we will incur, or to reasonably estimate the amount of, any fines, penalties, or further liabilities in connection with the investigation pursuant to which the subpoena was issued.

COMMITMENTS

As of April 3, 2026, we have outstanding letters of credit of \$114 million, principally related to performance guarantees on contracts and outstanding surety bonds with a notional amount of \$153 million, principally related to performance and subcontractor payment bonds on contracts. The value of the surety bonds may vary due to changes in the underlying project status and/or contractual modifications.

As of April 3, 2026, we invested \$6 million in an investment fund as a limited partner and have committed to invest an additional \$94 million over the next five years. The timing of our capital contributions is uncertain.

As of April 3, 2026, the future expirations of the outstanding letters of credit and surety bonds were as follows:

Fiscal year ending (in millions)		
2026 (remainder of year)	\$	136
2027		46
2028		74
2029		9
2030		—

Note 11—Subsequent Events

On April 14, 2026, Leidos, Inc. entered into a Contribution and Equity Purchase Agreement with certain affiliates of Altaris, LLC to form a new joint venture combining the Security Enterprise Solutions and Industrial Automation businesses ("SES Business") of Leidos with Analogic Corporation, a portfolio company of Altaris, LLC. Upon close, Leidos will contribute the SES Business to the joint venture in exchange for a 41.5% equity interest in the new joint venture. The transaction is expected to close in the second half of fiscal 2026, subject to the satisfaction or waiver of customary closing conditions.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of Leidos Holdings, Inc.'s ("Leidos") financial condition, results of operations, and quantitative and qualitative discussion about business environment and trends should be read in conjunction with Leidos' condensed consolidated financial statements and related notes.

The following discussion contains forward-looking statements, including statements regarding our intent, belief or current expectations with respect to, among other things, trends affecting our financial condition or results of operations, backlog, our industry, the impact of our merger and acquisition activity, government budgets and spending, our business contingency plans, interest rates and uncertainties in tax due to new tax legislation or other regulatory developments. In some cases, forward-looking statements can be identified by words such as "will," "expect," "estimate," "plan," "potential," "continue" or similar expressions. Such statements are not guarantees of future performance and involve risks and uncertainties and actual results may differ materially from those in the forward-looking statements as a result of various factors. Some of these factors include, but are not limited to, the risk factors set forth in our Annual Report on Form 10-K, as updated by the risk factor in this report under Part II, Item 1A. "Risk Factors" and as may be further updated in subsequent filings with the U.S. Securities and Exchange Commission. Due to such uncertainties and risks, you are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date hereof. We do not undertake any obligation to update these factors or to publicly announce the results of any changes to our forward-looking statements due to future events or developments.

Unless indicated otherwise, references in this report to "we," "us" and "our" refer collectively to Leidos and its consolidated subsidiaries.

OVERVIEW

Leidos is an industry and technology leader serving government and commercial customers with smarter, more efficient digital and mission innovations. Headquartered in Reston, Virginia, with 50,000 global employees, we pursue strategic growth across five pillars: space and maritime; energy infrastructure; digital modernization and cyber; mission software; and managed health services. Our customers include the U.S. Department of War ("DoW"), the U.S. Intelligence Community, the U.S. Department of Homeland Security, the Federal Aviation Administration, the Department of Veterans Affairs, and many other U.S. civilian, state and local government agencies, foreign government agencies and commercial businesses.

Beginning in fiscal 2026, we realigned our business and operate in four reportable segments that are focused on specific, defined capability sets we bring to our customers. As a result of this change, prior year segment results and disclosures have been recast to reflect the current reportable segment structure. We now operate in the following reportable segments: Intelligence & Digital, Health, Homeland and Defense. We also separately present the unallocable costs associated with corporate functions as Corporate (see "Note 9—Business Segments").

BUSINESS ENVIRONMENT AND TRENDS

U.S. GOVERNMENT MARKETS

During the three months ended April 3, 2026, and April 4, 2025, we generated approximately 86% and 87% respectively, of total revenues from contracts with the U.S. government. Accordingly, our business performance is affected by the overall level of U.S. government spending, especially national security, homeland security and intelligence spending, and the alignment of our service and product offerings and capabilities with current and future budget priorities of the U.S. government.

On April 30, 2026, Congress passed legislation to fund all non-immigration agencies and offices within the Department of Homeland Security agencies ending the government shutdown.

PART I—FINANCIAL INFORMATION

INTERNATIONAL MARKETS

Sales to customers in international markets represented approximately 8% of total revenues for both the three months ended April 3, 2026, and April 4, 2025. Our international customers include foreign governments and their agencies. Our international business increases our exposure to international markets and the associated international regulatory, foreign currency exchange rate and geopolitical risks.

Changes in international trade policies, including higher tariffs on imported goods and materials, may increase the cost of certain goods necessary to fulfill our contractual requirements and for internal purposes. We expect to recover certain portions of the increase to the cost of goods through contractual measures. While we continue to evaluate the tariff environment and potential impacts of higher tariffs, we currently do not expect them to have a significant effect on our business.

RESULTS OF OPERATIONS

The following table summarizes our condensed consolidated results of operations for the periods presented:

(dollars in millions)	Three Months Ended		
	April 3, 2026	April 4, 2025	Percent change

SEGMENT AND CORPORATE RESULTS

Intelligence & Digital (dollars in millions)	Three Months Ended		
	April 3, 2026	April 4, 2025	Percent change
Revenues	\$ 1,513	\$ 1,408	7.5%
Operating income	146	132	10.6%
<i>Operating margin</i>	9.6%	9.4%	

The increase in revenues for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025, was primarily attributable to program wins and \$22 million recognized from the acquisition of Kudu Dynamics, partially offset by the completion of programs and a net decrease in volumes.

The increase in operating income for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025, was primarily attributable to program wins and improved efficiencies, partially offset by a net decrease in volumes and the completion of programs.

PART I—FINANCIAL INFORMATION

Health (dollars in millions)	Three Months Ended		
	April 3, 2026	April 4, 2025	Percent change
Revenues	\$ 1,188	\$ 1,188	—%
Operating income	284	288	(1.4%)
Operating margin	23.9%	24.2%	

Revenues remained consistent while operating income slightly decreased for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025. This was primarily attributable to a net decrease in volumes, offset by net write-ups on certain programs within the managed health services business.

Homeland (dollars in millions)	Three Months Ended		
	April 3, 2026	April 4, 2025	Percent change
Revenues	\$ 816	\$ 770	6.0%
Operating income	33	61	(45.9%)
Operating margin	4.0%	7.9%	

The increase in revenues for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025, was primarily attributable to a net increase in volumes, \$23 million favorable impact from exchange rate movements, program wins and \$11 million recognized from the acquisition of Entrust. The increase was partially offset by net write-downs on certain programs.

The decrease in operating income for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025, was primarily attributable to an increase of \$25 million in acquisition, integration and restructuring costs, driven by the Entrust transaction and net write-downs on certain programs. The decrease was partially offset by a net increase in volumes.

Defense (dollars in millions)	Three Months Ended		
	April 3, 2026	April 4, 2025	Percent change
Revenues	\$ 883	\$ 879	0.5%
Operating income	62	74	(16.2%)
Operating margin	7.0%	8.4%	

The increase in revenues for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025, was primarily attributable to program wins, partially offset by completion of certain contracts.

The decrease in operating income for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025, was primarily attributable to the completion of contracts and write-downs on certain programs in the current year, partially offset by program wins.

Corporate (dollars in millions)	Three Months Ended		
	April 3, 2026	April 4, 2025	Percent change
Operating loss	\$ (17)	\$ (25)	(32.0%)

The decrease in operating loss for the three months ended April 3, 2026, as compared to the three months ended April 4, 2025, was primarily attributable to a \$15 million insurance reimbursement for legal costs incurred prior to fiscal 2026, partially offset by an increase in acquisition and integration costs.

NON-OPERATING EXPENSE, NET

Non-operating expense, net for the three months ended April 3, 2026, was \$79 million as compared to \$52 million for the three months ended April 4, 2025. The increase was primarily driven by a \$23 million settlement loss from the buy-out of our UK defined benefit pension plan and increased interest expense from the termination of our senior unsecured bridge loan facility and issuance of our \$600 million and \$800 million senior notes.

PART I—FINANCIAL INFORMATION

PROVISION FOR INCOME TAXES

For the three months ended April 3, 2026, our effective tax rate was 21.9% compared to 23.6% for the three months ended April 4, 2025. The decrease to the effective tax rate was primarily due to an increase in net excess tax benefits related to employee stock-based payment transactions and a decrease in unrecognized tax benefits.

BOOKINGS AND BACKLOG

We recorded net bookings worth an estimated \$3.3 billion during the three months ended April 3, 2026, as compared to \$2.1 billion for the three months ended April 4, 2025.

The estimated value of our total backlog was as follows:

(in millions)	April 3, 2026			April 4, 2025		
	Funded	Unfunded	Total	Funded	Unfunded	Total
Intelligence & Digital	\$ 1,882	\$ 17,453	\$ 19,335	\$ 1,745	\$ 15,603	\$ 17,348
Health	1,760	4,800	6,560	832	7,431	8,263
Homeland	3,304	6,580	9,884	2,617	7,357	9,974
Defense	2,652	9,938	12,590	2,135	8,576	10,711
Total	\$ 9,598	\$ 38,771	\$ 48,369	\$ 7,329	\$ 38,967	\$ 46,296

Backlog at April 3, 2026, includes \$371 million acquired through the acquisition of Entrust within the Homeland reportable segment.

Backlog represents the revenues we expect to recognize under negotiated contracts and unissued task orders on sole source IDIQ contracts, to the extent we believe their execution and funding to be probable. Backlog does not include potential task orders expected to be awarded under multiple award IDIQ contracts.

Backlog estimates are subject to change and may be affected by factors including modifications of contracts and foreign currency movements.

LIQUIDITY AND CAPITAL RESOURCES

OVERVIEW OF LIQUIDITY

As of April 3, 2026, we had \$457 million in cash and cash equivalents. We have a senior unsecured revolving credit facility which can provide up to \$1.5 billion in additional borrowing, if required. As of April 3, 2026, and January 2, 2026, there were no borrowings outstanding under the revolving credit facility.

We had outstanding debt of \$6.3 billion and \$4.6 billion at April 3, 2026, and January 2, 2026 respectively. In March 2026, we issued and sold \$600 million 4.10% and \$800 million 5.00% senior unsecured notes maturing in March 2029 and March 2036, respectively. The annual interest rate is payable on a semi-annual basis. The proceeds from the notes were used to fund a portion of the consideration payable in connection with the acquisition of Entrust and for general corporate purposes.

We have a commercial paper program in which we may issue short-term unsecured commercial paper notes ("Commercial Paper Notes") and have maturities of up to 397 days from the date of issuance. As of April 3, 2026, we had \$300 million of Commercial Paper Notes outstanding. As of January 2, 2026, we did not have any Commercial Paper Notes outstanding.

We made \$5 million and \$529 million principal payments on our long-term debt during the three months ended April 3, 2026 and April 4, 2025, respectively. The activity for the three months ended April 4, 2025, included a \$500 million payment to discharge the \$500 million notes due May 2025.

Our senior unsecured revolving credit facility, Commercial Paper Notes, senior unsecured term loan and notes outstanding as of April 3, 2026, contain financial covenants and customary restrictive covenants. We were in compliance with all financial covenants as of April 3, 2026.

We paid dividends of \$55 million and \$53 million during the three months ended April 3, 2026, and April 4, 2025, respectively.

PART I—FINANCIAL INFORMATION

We may from time to time seek to retire or purchase our outstanding debt through cash purchases in the open market, privately negotiated transactions or otherwise. Such repurchases, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

Stock repurchases of Leidos common stock may be made on the open market or in privately negotiated transactions with third parties including through accelerated share repurchase agreements. Whether repurchases are made and the timing and actual number of shares repurchased depends on a variety of factors including price, corporate capital requirements, other market conditions and regulatory requirements. The repurchase program may be accelerated, suspended, delayed or discontinued at any time.

We made open market repurchases of our common stock for an aggregate purchase price of \$200 million during the three months ended April 3, 2026. During the three months ended April 4, 2025, we did not make any open market repurchases; however, we repurchased \$500 million of shares under an accelerated share repurchase agreement.

During the three months ended April 3, 2026, we invested \$6 million in an investment fund as a limited partner. In connection with this investment, we have committed to invest an additional \$94 million over the next five years. We expect to fund this investment with cash on hand and cash generated through our operations.

For the next 12 months, we anticipate that we will be able to meet our liquidity needs, including servicing our debt, through cash generated from operations, available cash balances, borrowings from our commercial paper program and, if needed, sales of accounts receivable and borrowings from our revolving credit facility.

SUMMARY OF CASH FLOWS

The following table summarizes cash flow information for the periods presented:

(in millions)	Three Months Ended	
	April 3, 2026	April 4, 2025
Net cash provided by operating activities	\$ 301	\$ 58
Net cash used in investing activities	(2,359)	(22)
Net cash provided by (used in) financing activities	1,393	(110)

Net cash provided by operating activities increased \$243 million during the three months ended April 3, 2026, when compared to the prior year quarter. The increase was primarily due to favorable changes in working capital.

Net cash used in investing activities increased \$2,337 million for the three months ended April 3, 2026, when compared to the prior year quarter. The increase was primarily due to \$2,338 million of net cash paid in connection with the acquisition of Entrust.

Net cash provided by financing activities increased \$1,503 million for the three months ended April 3, 2026, when compared to the prior year quarter. The increase was primarily due a net increase of \$1,216 million in cash inflows from debt activity, consisting of proceeds from debt issuances and payments for borrowings and debt issuance costs. The increase was also related to a \$300 million net decrease in stock repurchases primarily attributable to the prior year accelerated share repurchase activities.

OFF-BALANCE SHEET ARRANGEMENTS

We have outstanding performance guarantees and cross-indemnity agreements in connection with certain aspects of our business and future commitments related to an investment fund. We also have letters of credit outstanding principally related to performance guarantees on contracts and surety bonds outstanding principally related to performance and subcontractor payment bonds as described in "Note 10—Commitments and Contingencies" of the notes to the condensed consolidated financial statements contained within this Quarterly Report on Form 10-Q. These arrangements have not had, and management does not believe it is likely that they will in the future have, a material effect on our liquidity, capital expenditures or capital resources, operations or financial condition.

CONTRACTUAL OBLIGATIONS AND COMMITMENTS

We are subject to a number of reviews, investigations, claims, lawsuits, other uncertainties and future obligations related to our business. For a discussion of these items, see "Note 10—Commitments and Contingencies" of the notes to the condensed consolidated financial statements contained within this Quarterly Report on Form 10-Q.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

There were no material changes to our critical accounting policies, estimates or judgments that would have a significant impact on earnings during the period covered by this report from those discussed in our Annual Report on Form 10-K for the year ended January 2, 2026.

RECENTLY ADOPTED AND ISSUED ACCOUNTING STANDARDS

For a discussion of these items, see "Note 1—Basis of Presentation and Summary of Significant Accounting Policies" of the notes to the condensed consolidated financial statements contained within this Quarterly Report on Form 10-Q.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There were no material changes in our market risk exposure from those discussed in our Annual Report on Form 10-K for the year ended January 2, 2026.

Item 4. Controls and Procedures

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

Our management, with the participation of our principal executive officer (our Chief Executive Officer) and principal financial officer (our Executive Vice President and Chief Financial Officer), has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of April 3, 2026. Based upon that evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the U.S. Securities and Exchange Commission. These disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is accumulated and communicated to our management, including our principal executive officer and our principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

On May 23, 2025, and March 27, 2026, we completed the acquisitions of Kudu Dynamics and Entrust, respectively. We are in the process of integrating Entrust into our system of internal control over financial reporting. As of April 3, 2026, we completed the integration of Kudu Dynamics into our controls over financial reporting.

Other than the foregoing, there have been no changes in our internal control over financial reporting during the quarter ended April 3, 2026, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II—Other Information

Item 1. Legal Proceedings

We have furnished information relating to legal proceedings, and any investigations and reviews that we are involved with in "Note 10—Commitments and Contingencies" of the notes to the condensed consolidated financial statements contained within this Quarterly Report on Form 10-Q.

Item 1A. Risk Factors

There were no material changes to the risks described in Part I, Item 1A "Risk Factors" in our Annual Report on Form 10-K for the year ended January 2, 2026.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

- (a) None
- (b) None
- (c) Purchases of Equity Securities by the Issuer

The following table presents information related to the repurchases of our common stock during the quarter ended April 3, 2026.

Period	Total Number of Shares ⁽¹⁾ (or Units) Purchased	Average Price Paid per Share (or Unit)	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Repurchase Plans or Programs ⁽²⁾	Maximum Number of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs ⁽²⁾

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including the registrant's consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
